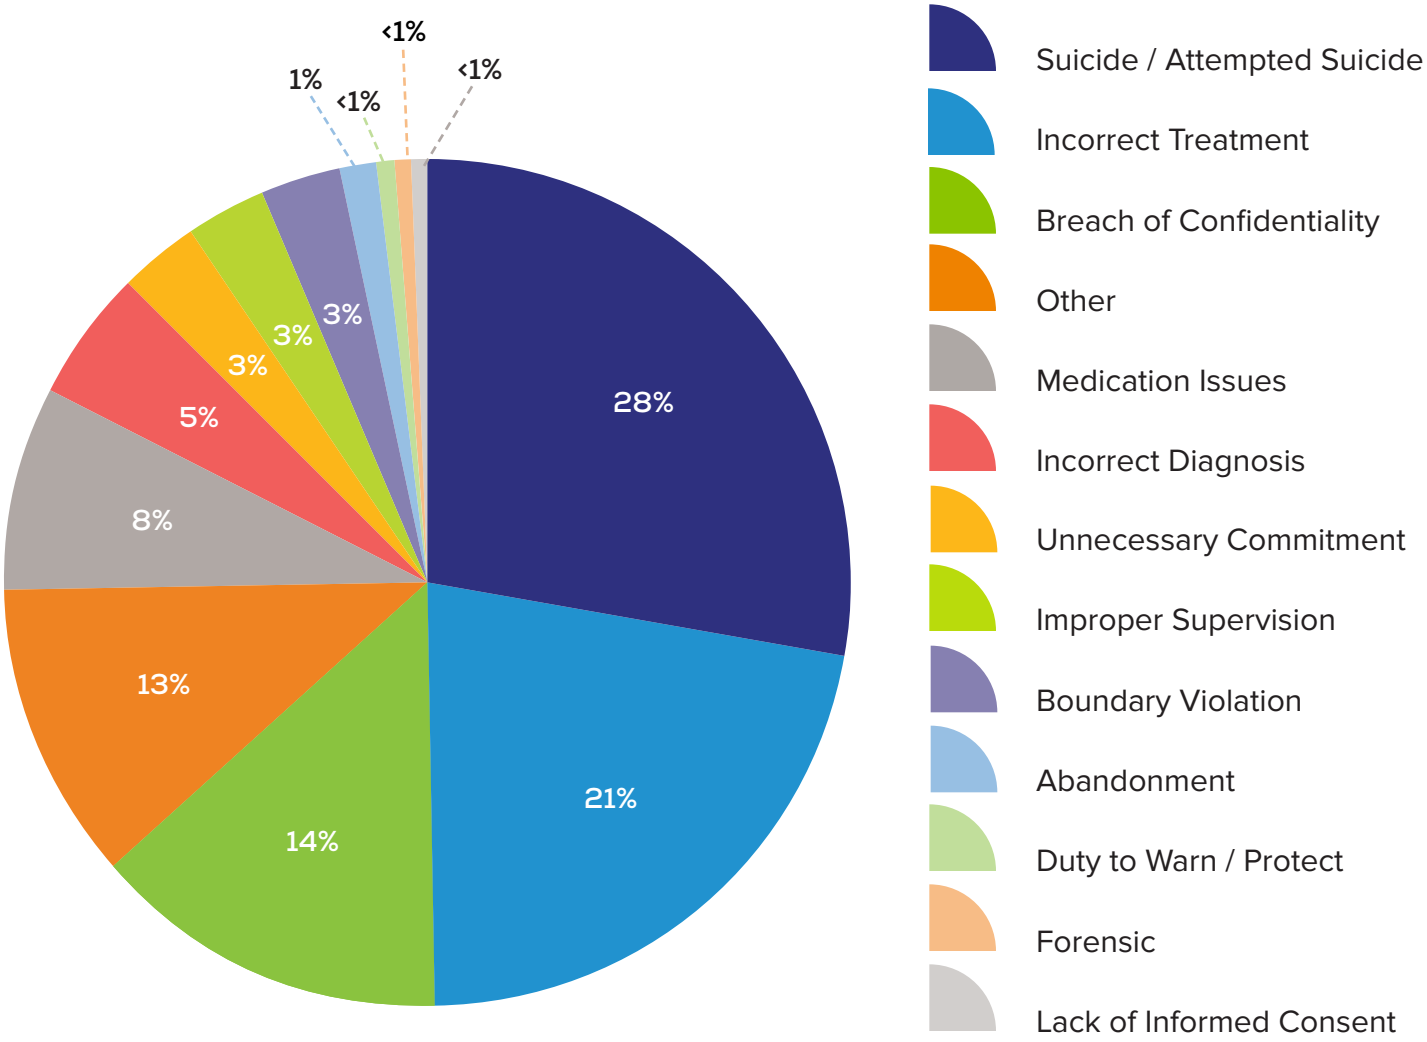
THE PSYCHIATRISTS' PROGRAM®

Cause of Loss - Administrative Actions, Claims, and Lawsuits

1986-2025 PRIMARY ALLEGATION



NOTES:

- "Primary allegation" is the main allegation by plaintiffs' attorneys of what the psychiatrist did wrong
- "Incorrect treatment" will represent a high percentage of cases because plaintiffs' attorneys often use a broad, general allegation initially; this category includes all types of cases, including suicide and psychopharmacology
- The category labeled "Improper Supervision" refers to supervision of patients, as well as of other providers
